RAG '47!

ODEON

COLLECTION

Unfortunately it was not possible to organise a Rag Revue this year, but Odeon Theatres Ltd. have given permission for us to organise a collection in the foyer of their Leeds cinema during Rag Week. This is a special privilege rarely granted, so that we hope to make a success of it. However, this will only be possible if students co-operate by offering their services as collectors. We need four or six students on duty during all performances, from 1-0 p.m. to 10-30 p.m. each day. Will all students who are willing to help please contact Mr. Binner, or leave their names at the Porter's Office, together with the times at which they are available?

Rag

Competitions

This year various forms of competition are under way. Entries for the beauty competition are disappointing. Are the "Belles Demoiselles" of this University too modest, or do they think it plebeian to enter? We would like to see many more entries from students and outsiders. Send your photograph and an entrance fee of one shilling at once.

We require help for the selling of raffle tickets. Amongst other things, two bicycles have been presented to us for this raffle. There are ten thousand tickets to be disposed of, from which we hope to make a profit of £500. Books of tickets may be obtained from Mr. Binner or from the Porter's Office. We are hoping to distribute these as quickly as possible, so please come along at once and take as many as you can be sure of selling.

PLANS FOR A RECORD-BREAKING RAG WEEK!

HOUSE TO HOUSE COLLECTION

The 1947 Rag Committee are declaring total war on the citizens of Leeds in an effort to make this year's Rag the biggest and best ever.

In the past, our manifold wiles failed to squeeze as much of the surplus wealth of the City from its owners' pockets as we would have liked, so this year we are trying out some of the modern tactics which have been successful in other towns. Among these is a House to House Collection.

This is to take place from June 16th to 20th in postal areas 2, 3, 6, 7 and 8. It is hoped that districts 2 and 3 will be covered by members of Woodsley, Lyddon and H.O.R. District 6 has been divided between Oxley, Weetwood, Devon and the Training College. Arrangements will be made within the Halls for the distribution of collecting boxes and the conscription of collectors. Mr. G. A. Over (Woodsley), Mr. E. R. Walton (Devon) and Miss Perkins (Oxley), will provide further information on this point.

The remaining districts 7 and 8 will fall largely to the main body of the students, and there is a list in the J.C.R. which we hope will be full of names of volunteers by the 16th. Further information can be obtained from Messrs. Burrell, Mahabir and Williams.

It has been found in the past that the districts chosen are the most difficult ones from which to extract money, and if this new venture is to be any use at all, we must have the full support of students in this University. AND THAT MEANS YOU.

TYKE, 1947

The day is approaching for which the citizens of Leeds have waited with dormant carping-pens...Tyke Day! Last year, you may remember, there were scorching criticisms against our eminent "Tyke" in the newspapers. This year, we are producing another bombshell in the form of the Tyke Purity Edition, in the reading of which you may ask yourself "Where have I seen something like this before? In the *News of the World*, the *Ecclesiastical Times*, or in a queer dream?" Actually, you have never seen anything like it...it is brand new, and wholesome, we hope.

26,000 copies are being printed, 6,000 more than the previous year, and each copy is to be sold at a minimum price of one shilling. Every student should try to impress the populace with the quality of our magazine, and should not ask a shilling, but two shillings, and even more. The cause is good, and the humour is good....or if it isn't good it is clean!

We hope to raise over £2,000 from the sale of the Tyke, which can only be achieved by the co-operation of everyone.

"What is in the Tyke this year?" you ask. One feature is a genuine free gift competition, for which we offer £70 in 40 prizes. There are also cartoons by Ian Dickson, Anthony Gilbert, Thack, Richardson and others; humorous short stories and jokes for everybody, including students.

Purity Tyke, 1947, it is—and we appeal to all students to help in selling copies so that we in turn can help in the invaluable work of the hospitals.

Immunity Badges are the easy way out. If you don't want to be pestered on Rag Day, buy a five shilling badge for yourself, or a ten shilling one for your car.

Lorries are scarce. If your faculty wants a lorry for the procession, book one immediately with Mr. Forrester at the School of Medicine.

"LOVE FROM A STRANGER"

The Annual Rag Play, (which has become a permanent stand-in for the Rag Revue), has once again gone into production, and if the enthusiasm shown at the recent audition is any indication of the final product, then we may expect something exciting.

The subject is somewhat off the beaten track this year, for the Theatre Group has decided that a departure from the long succession of comedies and farces is opportune, and has chosen a thriller.

If you have read this story by Agatha Christie, on which the play is based, you will know what to expect. If you haven't, then you will probably be interested to find out what happens to a girl whose dream husband turns out to be.... But if you really want to know, you'd better make a note to remind you to be in the Riley-Smith Hall on Tuesday, Wednesday, Thursday or Friday, June 24th, 25th, 26th, 27th, to see "Love from a Stranger."

The First Year

This is the final issue of the year. It is a propitious time to sum up the progress and achievement of the **Union News** since its inauguration last Autumn.

Many readers have accepted too casually the advent of the **News**, taking for granted its regular appearance since the first issue burst upon a startled Union. Very few realise the amount of work its founder contributed towards establishing the paper successfully, or of the many difficulties he met with and overcame to give the Union its own Newspaper.

The **News** may not satisfy everybody. Certainly the staff are only too aware of its shortcomings and weaknesses, but the first year has taught us many valuable lessons and the second year will surely show the benefit of these experiences. We only ask your indulgence. It is too easy to criticise! How much harder is it to have faith in this young enterprise, the courage and energy to make it worthwhile and the vision to see in this small beginning a brilliant future. From now on, the growth of the paper will be inseparable from the prosperity of the Union itself.

This is a time of leave taking. To those who pass away from University life we wish "God Speed and every Success in the future": to those who "go down" we wish a happy and sunny vacation. We will be with you again next Bazaar Day.

T.N.S.L.

NINE TO HANG—Continued.

number of M.P.'s have all been approached with varying success. Poster parades, open-air meetings extend the campaigning to wider and more demonstrative spheres. All this attention elicited only non-committal denials from the Spanish Embassy.

Pleading an extension of student participation in the campaign from the London area to the provinces, N.U.S. stresses the non-political nature of their efforts and invites your support of their activities. Interested students should apply to the N.U.S. Secretary for further details.

This and That

NO SCOOP FROM SNOOP. INFORMATION.

Snoop has at last foiled the machinations of the sinister old gentleman whose predecessors glare down from the walls of the Great Hall. Hence "This and That" is short and sweet. However, with the vac. in which to revive, we trust that his words of wisdom will enrich Page Two again next session.—Ed.

UNION NEWS MEETS.

Union News held a meeting of this and next year's committee last week, in which it discussed the various short comings of the paper during the year and the prospects for next year. The new committee and staff have various plans afoot, and it is hoped that **Union News** will be bigger and better than ever.

Ham's Tales from Shakespeare

No. 1.

To queue or not to queue, that is the question.

Whether 'tis nobler of us clods to suffer

The corns and bunions of hard-trampled standing,

Or to make friends amongst the sea of faces,

And by a back-slap end it? Who would queue

To grunt and sweat a weary hour away,

When that himself might his salvation gain

By tagging on to someone at the front.

I'll hie me hence and jump the (wretched) queue;

Let these procrastinate, play Hamlet too.

H.M.T.

BAR TO PROGRESS.

As was foreshadowed at the A.G.M. in February, a third porter—Mr. Watson—has now been employed by the Union.

BAR TO PROGRESS.

Having at last passed the many obstacles which lay in the way of installing a permanent bar in the Union, operation have now been halted by lack of timber. Our Agric. scouts report that the Forest of Knaresborough will be denuded to the last bush to provide material.

(Note.—The other 99.99% of the Forest went 400 years ago).

SUMMER FORMAL.

For any one who is clueless about the term "Summer Formal," may we explain that it comprises white flannels, blazer, open neck and scarf, white shoes if possible. The women just need clothes.

Religious Drama Society

A School of Religious Drama is to be held at University House, Birmingham, from August 30th to September 6th. It is primarily intended for producers, and there will be lectures and practical classes in production, speech, mime and movement, costume and setting, etc., besides lectures and discussions on the relationship of drama to religion and the Christian way of life.

The resident fees will be 7½ guineas for the week, including board, for non-members; and 6½ guineas for R.D.S. members. Non-resident fees for non-members will be 2½ guineas and 2 guineas for members. Day attendance will be charged at the rate of 9/6.

Applications must be sent by July 1st, accompanied by a deposit and details of name, address, religious denomination, etc., to:—

Miss Carina Robins,
Religious Drama Society,

NINE TO HANG

From Spain comes disturbing news. N.U.S., in conjunction with other International Youth Organisations is campaigning for the release of nine young Spaniards imprisoned for alleged anti-Franco activities.

Says an N.U.S. News-sheet: "It is alleged that they are being tortured in gaol, that one girl (aged 16) has lost her reason as a result, and that three of them have been transferred to the condemned cell to await execution—although they have not yet been tried."

The headache for The International Youth Council conducting inquiries into the crime

itself, is the paucity of information about the whole case. The exact form of the Spaniards' offence is not known for certain, and a report that they placed bombs outside a food shop is not accepted by Young Republican Spaniards, in London, who point out that this was the sort of charge habitually lodged against anti-Nazis by the Gestapo in Germany, when they wanted a pretext for arrest.

Meanwhile, in London, Youth and Student Organisations have combined to give effective protests and to stimulate interest in their demands. The Foreign Office, Spanish Embassy, and a

LIVE LETTERS IN A DEAD WORLD

University Union,
Leeds.

Sir,

Is A.G. a professional actor? Is A.G. a brilliant professional actor? If not, then how dare he criticise "Village Wooing" as he did? Why has he not one piece of constructive criticism to make? Why can he mention none of their faults? Because he could find none! Their acting was up to the best standards of the Group, as I am sure everyone who saw the play agreed.

I feel sure we shall hear more of Hazel Townson and William Baines in the Theatre World of the future. I hope we shall hear less of A.G. in the world of criticism.

Yours, etc.,

J.H.

[With the production of "Village Wooing" a long way behind

us this letter is a little out of date, but we feel it worth printing nevertheless.—Ed.]

The Editor,
The Union News,

Dear Sir,

I am very interested in the theory of map projections but, as an Arts Student, I am often in difficulties with the Maths. of the subject, especially when spherical trigonometry is involved. I am hoping that among your readers there may be some keen mathematicians who would like to help my studies in this matter.

Yours, etc.,

BRITISH DENTAL STUDENTS' ASSOC.

Annual Convention at Leeds

15th—19th July, 1947.

The University of Leeds Dental School has the honour of entertaining the Annual General Convention of the British Dental Association, which will be held this year from 15th—19th July, under the Presidency of Professor T. Talmage Read. The Conference will have representatives from Europe, Scandinavia, the United States of America and India.

On Wednesday, 16th July, there will be an Honorary Degree Ceremony in the Great Hall of the University at 12 noon, when Honorary Degrees of Doctor of Philosophy are to be conferred on Mr. H. A. Mahony, the Principal Dental Officer, Ministry of Health, and Mr. W. G.

Senior, Dental Secretary of the British Dental Association.

The Minister of Health, the Rt. Hon. Mr. Aneurin Bevan, will address an open meeting at 2-30 p.m. in the Riley-Smith Hall.

On Thursday morning, 17th July, demonstrations will be given in the Dental School and Hospital; and in the afternoon at 2 p.m., Professor H. V. Dicks, Professor of Psychiatry of the University of Leeds, will speak on "The Human Being Behind the Denture." After tea at 3-30 p.m., Dr. H. J. Rogers the Nuffield Research Fellow in Oral Biology at the School of Dentistry, will talk on "Dental Research and the Scientific Method."

A cordial invitation is extended to all members of the medical and dental professions, to past and present students, and to all

interested, to attend the above meetings.

Business meetings will be held on Friday, 18th July, in the Riley-Smith Hall. In the morning a meeting of the Council, and at 2 o'clock the Annual General Meeting of the Association.

The Conference includes a number of social activities. On Tuesday, 15th July, there will be a Golf Competition at Sandmoor Golf Club, Leeds, commencing at 2 o'clock, and in the evening, from 8 to 11 p.m., an informal reception will be held in the Social Room of the Union. On Wednesday evening there will be a tour of the Yorkshire Dales, on Thursday evening a Theatre Party, and on Friday evening a Dinner at the Parkway Hotel, followed by a Dance in the University Union, from 9 p.m. until 2 a.m.

ATHLETICS.

The Christie Competition.

The annual competition for the Christie Cup was held at Weetwood on the afternoon of Saturday, May 10th. The weather was grand and the start prompt. Liverpool soon shot ahead by winning in quick succession both sprints, the long jump and the 880 yds. A. B. Parker, of Liverpool, won the mile in grand style, his time being 4 mins. 32 secs., a new Christie record. We should hear much more of him in the future.

Bowker and Haw of Leeds then came into the picture by winning the 120 hurdles and the 3 miles respectively; but with only five events to be contested, Liverpool were in the lead by 15 points. The Leeds team then made a final effort. Falkingham won the discus, Wilson and Ducker were first and second in the 440 hurdles and R. T. Heylings was second in the hammer; this latter event was won by Riley, of Manchester, who set up a new record. The pole vault went to Liverpool and the high jump made a thrilling climax to the day's sport, Leeds requiring first and second place to win the Christie. However, we were unlucky, for Manchester took first place, with the Leeds men second and third.

Liverpool won the cup with 49 points, Leeds were second with 46 and Manchester third with 40. It has been very gratifying to note the greatly improved performance of our Athletics Club this year, and, whilst not wishing to detract in any way from the excellent win by Liverpool, one can say that we were very unlucky to lose.

The Christie Cup was presented to the Liverpool captain by the Vice-Chancellor, Mr. B. Mouat Jones; following this the competitors and officials retired to the pavilion for an excellent tea.

Cricket Club.

The Cricket Club has given a very creditable performance up to date this season, the 1st XI having lost only two matches out of nine, and the 2nd XI having lost two out of eight. The 2B XI have been less fortunate, having lost all four of their matches by narrow margins. The keenness of this last team deserves a better success, and though a number of their matches have been cancelled, the rest of the season should provide them with happier results.

The two matches yielded by the 1st XI were both important U.A.U. Championship fixtures; one against Durham University and the other against Liverpool University. Causes of our failure on these two occasions lay in our poor batting performances.

Manchester University (2 wins, 1 loss) are the Northern U.A.U. Champions this season. Leeds, however, is still in the running for the Christie Cup.

The Captain, G. A. Thompson, has been the most consistent batsman so far this season, with scores of 23, 25, 97 and 29 to his credit. Other good performances have come from Ingham, Bale and Sanders. The latter's 69 for the 2nd XI and Morris' 100 not out, also for the 2nd XI, were both impressive innings.

Bowling has not been exceptionally good, though J. L. Thompson, Jones, Wilson and Smith have all bowled steadily with fair results.

It has been the policy of the selection committee to give every reasonable player a chance, and members have co-operated well by playing in the teams for

which they have been selected without complaint.

The 2nd XI, ably skippered by Dawes for the third successive year, has been enjoying a riot of run-getting, and of the two matches lost, one was by a narrow margin of runs.

Messrs. Freeman and Vokes have been the main bowling strength, and most of the team have been successful with the bat.

Summary of Results :

	Played	Won	Drawn	Lost
1st XI	9	5	2	2
2A XI	8	5	1	2
2B XI	4	—	—	4
Comb. XI	3	2	—	1

Men's Lawn Tennis Club.

The L. T. A. Coach, Major Applethwaite, has paid us several visits, and proposes to pay several more, his heart being stout and as yet unbroken. Certainly his instruction is most valuable and has been much appreciated. He was not, we were glad to notice, in any way overawed by the high dignity of the Union, who were amongst his pupils and whose faults of style he proclaimed in a loud voice to a large and admiring throng.

Results to date are as follows :
v. Liverpool, 5—3; v. Durham, 7—2; v. Nottingham, 7—2; v. Sheffield, 8—1; The second team v. Nottingham, 6—3; v. Sheffield, 9—0.

There is a rumour that home victories have been aided considerably by the excellence of the lunches provided by Mrs. Johnson, the effect of which was to make visiting teams more inclined to sleep than to play tennis. Be that as it may, the quality of the meals has been extraordinarily high, and our acknowledgement is hereby sincerely recorded.

J. W. Cox, Secretary

Medics and Dentals Cricket Club.

After a poor start, losing the first two matches, the team has played seven matches with but one defeat; of the remainder three have been won and three drawn. In spite of the fact that it has been impossible to field a regular team everyone has played well together. Davies, Foster and G. Aber have all batted consistently well and Worthington gave a demonstration of forceful batting in scoring 75 against Newcastle. Wright, Knowlson and Sutcliffe have formed the spearhead of quite a strong set of bowlers. Foster, with a little more experience and the resulting confidence, will be an asset to any club as wicket-keeper. Fielding, however, is not always good; if it had been keener at least two more matches would have been won. In future we must see a lively attacking field main-

tained throughout the match instead of tailing off half-way through.
